

## Equipment Disposal Policy - WEEE

### **General Statement.**

Cherrytech is committed to our responsibilities as a company and the impact on the environment. We are mindful of how we dispose of all electrical equipment and do so in line with the Waste, Electrical and Electronic Equipment (WEEE) Regulations 2013.

As a producer of electrical and electronic equipment we are registered with an ISO14001 accredited company and all our electrical and electronic waste is disposed of through that company in an environmentally friendly manner.

All fluorescent tubes that require disposal resulting from CherryLux business will be disposed of separately through our chosen contracted waste management company.

All old batteries will also be disposed of separately through our chosen contracted waste management company.

All computer equipment is also disposed of separately through our chosen contracted waste management company. Hard drives are wiped clean before disposal.
